Floors

- Take small rugs outside & shake them. If an area rug is too large to shake, vacuum it.
- Wipe down all baseboards.
- Sweep under cabinets and other hard-to-reach places.
- Check vacuum bag. Replace if necessary.
- Vacuum all floors. Use appropriate setting – ‘bare floor’ or ‘carpet.’
- Pour a small amount of floor concentrate in bucket and dilute with hot water. Mop all bare floors with this (don't forget the laundry room!). This can be used on wood, as long as it has been pre-approved by client.
- Put all rugs back.

Before You Leave

- Take check or cash.
- Walk through the house and make sure you got everything.
- If the client is home, offer to do a walk-through with them. Fix anything they point out – we want them 150% satisfied!
- Lock up/set alarm based on client's instructions.
